

T2020-2D Wheel Balancer

The Technique T2020-2D is a low speed balancer with all of the features and benefits of a 'High end' machine. The Backlit LCD screen with multifunctional and interactive keys makes it clear and easy for the operator to use. The compact design means that the T2020-2D takes up very little space in the workshop. The 2D calliper arm automatically stores the distance and diameter measurements and makes it easy to position the weights directly into place.
