

T2240-M3 Tyre Changer

The Technique T2440-M3 is equipped with an innovative (patented) leverless head and advanced automatic functions, it lets you work quickly, precisely and without any effort also on UHP and Run-Flat tyres.

The configuration is already complete with all the major accessories, making it particularly suitable for tyre shops and car dealers.

- **Simple operations:** only one movement adjusts the diameter and position of all three operating arms.
- **Quick operations:** Memory system - automatic head repositioning on rim edge.
- **Safe operations:** Effective and safe bead breaking protecting the tyre sidewall and TPMS.
